International students and Scotland

Strengths, challenges and opportunities

A UKCISA REGIONAL CONFERENCE

Apex Hotel, Edinburgh
Thursday 13 November 2014

UKCISA

International students and Scotland

Strengths, challenges and opportunities

This one day UKCISA conference is the first in a series of interactive regional events throughout the country which aims to bring together all those with interests in international students (staff in recruitment, welfare, compliance, registry, academic support, policy and planning and from students unions):

- To discuss and debate recent or emerging areas of current government and sector policy and future strategies.
- To review all aspects of the international student experience from welcome and support to compliance.
- To bring colleagues together locally to build closer networks.
- To feedback on ways in which the UKCISA community can better support international students and staff in the future.

Registration

Registration is open to all colleagues at member institutions including their students' unions at the nominal cost of **£50 for the first and £25 for additional delegates** from the same institution. It is hoped therefore that 'UKCISA regulars' will take this opportunity to attend and to bring a senior colleague or one who works in some other aspect of international student admin or support, and/or a representative from their students union.

UKCISA is very grateful for the support and assistance which it has received from colleagues in Scotland in preparing this event and for the annual financial support which it receives from the Scottish Government.

Further regional events, following a similar format will be held in Bristol on 4 December 2014, Manchester on 6 February 2015 and London on 2 March 2015 with a report produced at the end of the series with conclusions and recommendations.

To register for the events go to:
